

## Lab Technician: (Full Time)

Intrinsic Analytics Inc. is Manitoba's premier bioinformation services company. We provide personalized and customizable bioinformation and biochemical analysis for individuals, commercial enterprises and government agencies. We offer two main platforms, occupational health and personal health. We are currently seeking a qualified, independent, and highly motivated technician to perform testing services.

### Job Description and Responsibilities:

- Biological specimen collection
- Breath alcohol and drug analysis
- Audiometric testing
- Respirator fit testing
- Strict adherence to protocols and chain of custody procedures
- Handling of confidential health records as per PHIA
- Organize and maintain equipment and supplies
- Maintain a clean work environment
- Other related duties as assigned
- Available for mobile/afterhours testing

### Qualifications:

- B.Sc. or biological science related diploma with 2 years of laboratory experience
- Trained (or willing to be trained) as a DOT/non DOT drug and alcohol technician
- Certificates for audiometric testing and pulmonary function testing would be considered assets
- Advanced computer skills necessary
- Excellent writing skills required
- Valid driver's license and dependable vehicle

If you want to be part of our growing team, please forward your résumé to [info@intrinsicanalytics.com](mailto:info@intrinsicanalytics.com). Thank you to all interested applicants, those who meet our selection criteria will be contacted for an interview.

**Closing date: June 19<sup>th</sup>, 2017**
